

CHESS CLUB

Wednesday January 14th

Dear Parents

Our regular chess club members continued to impress today as they put each other through their paces. Our club is growing week by the week and we are welcoming new members all the time. Not only are we very happy to welcome new faces but it is fantastic to see our regulars sharing their knowledge and coaching the new comers. It seems like we get a real joy from sharing our knowledge of the game and even in during games I am proud to see the seniors giving tips and hints to the juniors.

Well done Chess Club Members
