OUR APPROACH

Everything that we do is designed with our children's happiness in mind. This alone makes their road to personal achievement both memorable and rewarding. Parents are drawn to us because they share similar views about raising confident, well rounded, enthusiastic and HAPPY beings.

• OUR MISSION is to remain a breath of fresh air for parents, and offer both a solid education and strong sense of community. We strive to provide the best environment, curriculum, tools and mentors. We work hard to ensure our children are educated in a manner that embraces their right to enjoy childhood to the full. We are committed to keeping Kspace unique because every child who joins us deserves a different approach. We grow with the children to help them on the path to reaching their full potential.

• OUR TEAM In order to offer dynamic and varied programmes our teachers are very special! Colourful personalities and fantastic teaching skills alone cannot cover the huge range of requirements in our curriculum. The faculty of the school is drawn from a young, creative, musically and artistically gifted group of highly motivated professionals. Our teachers are sensitive to the needs of children with varied cultural backgrounds and our core team has been with us for many years.

• OUR ENVIRONMENT We teach in a bright, energy-charged environment, where it's fine to laugh loudly and think deeply. Every time you walk through the school, children and teachers can be observed playing music, singing, heavily immersed in project work or discussing fascinating topics. In order to offer a well-balanced education, students are also guided in etiquette, safety, hygiene and other skills that assist their development and happiness.

• OUR PROGRAMMES Our aim is to provide a 'one-stop' educational facility, offering the best programmes for children from infancy to elementary school pupils. Our curricula are designed to be stimulating and challenging for native speakers and EFL students. One size doesn't fit all, so we have created multi-approach study units using the best elements in education and wonderful materials from around the world. We blend educational approaches harmoniously to prepare children well for their future.

OUR COURSES

Kspace
Parent & Child Classes
Ages 3 months to 4 years

Tspace
International Preschool & Kindergarten
Ages 14 months to 6 years

Aspace
After School Programmes
Ages 14 months to 10 years

Kspace programmes offer mums and dads the opportunity to 'roll up your sleeves' and have fun with your child! We offer a range of action orientated, interactive programmes, where parents enjoy their time as much as the kiddies do! With mesmerising teachers and a great family atmosphere, we strive to provide a 'little bit of the 'best of home'', in Tokyo.

Kspace offers you a great choice of workshops and courses throughout the year, with very few closure dates! Other parent & child services include; Saturday Family Circle Times, Emergency/First Aid Workshops for parents, Themed birthday parties or facility hire.

Tspace is a very special school where dedicated teachers guide classes in an atmosphere charged with magic! Our multiple-intelligence curriculum offers the best in early learning, focusing on a wide range of foundation academics. We nurture skills for the little explorer, artist, musician and investigative learner in every child. Children can join directly from our Kspace Parent & Child classes; or enroll at any stage from outside.

Also under the Tspace umbrella are; Theme-based Seasonal Programmes (spring/summer/winter school), EFL Boot Camps, Saturday Kindy Programme (EFL base)

We offer a diverse range of 'child only' After School classes for children as young as 14 months old. We provide the most charismatic mentors, the best tasks, best tools and an environment built for freedom of expression. Children join us to explore, expand their experiences and broaden their range of talents. Come and spend quality time following new and creative pursuits in our energy charged atmosphere. Let off steam, meet lovely new friends and learning great new things!

Our range of classes has been chosen by children over the years, and are all selected for their "wow factor"! We ensure that the syllabus for each course is unique and even topics like Karate, Phonics, ESL, Ballet, Cookery and Junior Sciences are delivered from an angle that packs a fun punch that keeps kids coming back for more!

All children under two years old are gently assessed for readiness.

OUR FACILITY

Kspace is located in a very impressive building in Shirokanedai. In collaboration with prestigious architects and child specialists, we created the ultimate facility, with state-of-the-art safety and esthetic features throughout. Our location is quiet, surrounded by nature and amongst a loving community.

5th
Roof Top Area
Our enclosed play area has great views of the nature reserve. Fully equipped with soft padding, water/sand play, climbing and games equipment, football space, basketball nets and sun awning.

Our Building
We are situated within easy reach of many areas of Tokyo. Our distinctive building sits in a wide, leafy avenue, allowing access and stress-free drop-offs and collections for busy parents!

4th
4th Floor Classroom
Our Kindergarten pre-graduates spend their final terms here, in a classroom atmosphere conducive to exploration and focused study. The bright setting becomes a canvas for the children's in-depth and varied project work.

3rd
3rd Floor Classroom
This happy classroom is a permanent display of the middle school's fantastic work. Our youngest kindergarten children are exposed to a superb range of subjects and materials, and their room has many key areas for learning and creativity.

Indoor P.E. & Gymnastics
This room houses our mini-pro gymnastics equipment, which can be assembled to offer a variety of fun and essential physical challenges to our older age groups.

2nd
Soft Gym
Time for movement and physical play is essential for our youngest, kinetic learners. Our soft play-gym includes an expansive range of quality toys: A great place for our preschool children to let off steam.

Kokomo's Atelier
This cute extension offers a sunny little corner in the front of the school that is ideal to be utilised as a private space for tutorials, meetings and music lessons.

Reception
Our reception area is a central point where we greet parents and welcome new visitors.

1st
1st Floor Classroom
Our Lower School children enjoy designated areas of this floor, where we have a huge range of props, educational toys, percussion instruments, art materials and tools to enrich curious minds and busy bodies. When our tiniest students need to nap they enjoy our 'Cocoon Club' – an especially cosy spot with cots, blankets and a sense of security.

“ We welcome you to come and take a look around. As soon as you step inside our school you will feel the Kspace difference! The school is rather like elements from a child's dream; a world where their ideas come to life. ”

Juliet Rogove
– Principal and Founder

Juliet Rogove: Honours Degree in Psychology, Certificate in Baby Massage, Peer Massage and Soft Gymnastics - Owner of Kspace and proud mother to son Benjamin and daughters Cordelia and Taliyah.

In 1999, British-born Juliet decided to draw upon her own psychology background and develop truly dynamic programmes for a unique parent & child center. With the help of experts and education specialists from the UK - Kspace was born!

Juliet holds an Honours Degree in Psychology and certificates in Baby Massage, Peer Massage, Soft Gymnastics and Singapore Maths. Juliet understands the need for support whilst raising children, and hopes to provide a strong social circle, especially for Tokyo's expatriates who are here without extended family. She is mother to a teenage son and two young daughters who also love Kspace!
