Aspace offers a wide range of After School classes and Private Tuition. Children join us to explore and broaden their many artistic talents, receive academic support or discover something totally new. Classes are open to all children from outside and this is a great opportunity to enjoy some special Kspace magic! Private students benefit from personalised 1-1 attention and private music students work towards their own recitals. Parents love our late collection times and meals can be ordered for children staying until 7.00pm. Take a look at our excellent portfolio of programmes. Choose Aspace when you want an entertaining after-school learning experience!
