Get Christmas
started
at Kspace!!

Are you ready to feel more Christmassy? A great way to bring Christmas-to-the-city is to decorate your home. Join us at Kspace for a fun hour of fresh flower-arranging and creativity with your child, or send your older children along alone to learn something new!

Our Master Ikebana Artist, Masashi will take us through the process of making a stunning little Christmas table centre. We'll be working with some great festive colours and seasonal blooms that will light up any surface.

We'll finish the session off with a delicious, Christmas-style mulled drink (non-alcoholic) and some tasty ginger biscuits to get you warmed up for winter.

Teacher Profile

Our workshop host is Master Florist, Masashi Mori, a bilingual flower artist who graduated from SOCIAL Design Academy and Oklahoma State University, and has taught Ikebana to the Japanese and international communities for over a decade.
