

Allergy & Safety Note

If your child has any allergies please ensure that you let us know at enrollment stage. If your child develops an allergy or one is discovered after enrolment, please advise Kspace immediately. ALL PARENTS are required to closely follow our strict Prohibited Foods Policy. See below. Any food that breaks this code must unfortunately be thrown away (off premises), without exception.

Although Kspace endeavours to prevent students from coming in contact with allergic foods, Kspace cannot guarantee that students will never be exposed to such allergic foods on Kspace premises. Parents MUST understand that while we will do all we can to prevent exposure, this is not guaranteed.

Food allergy alert t-shirts are available and parents are encouraged to purchase these if your child has a food allergy. If your child has an epi-pen, please notify Kspace and present an in-date one to reception each day your child is in Kspace.

If your child develops an allergic reaction to food or other, you will be contacted immediately. If expert medical attention is deemed necessary, Kspace will notify/solicit medical services without your physical presence.

If you select lunch containing 'notified' allergen, your child will be given a different lunch, without notice.
