Kapla Club!

16th January 2018

Hi Parents! Today we started our Kapla Club after school class! The possibilities with these unique wooden blocks are endless and today we started with a bang! Let's see what we got up to.

We started by watching videos on how to use the Kapla blocks to build things. It's unique design allows for the very basic to the more complex construction techniques and today we put our imagination and nerves to the test as we tried to build the tallest tower.

We had a lot of fun working in teams and stacking the blocks in different ways. We then tested our construction by doing a wind and then an earthquake test which we all enjoyed. Please join us again next week for more fun!

Teacher Eric
