

# Aspace Ballet

December the 3rd 2014

*Aspace ballet was so much fun today. All the little Ballerinas enjoyed the classic warmup exercises such as butterfly, cobra and side to side. Group dance time was a great hit with all the children in a circle playing stop and start, and the children really enjoyed listening to the special ballet music. Individual balance time was practiced on the gym beam one by one, completed with a big jump and spectacular pose finish. Good job ballerinas see you next week!*
