

Wednesday April 15th

Elementary ESL

Good news everyone! Today was a very successful start to our Elementary ESL program. The children had a non-stop afternoon filled with exciting dance, ESL, music, games and more! We're sure you will all love to see the video that will be released soon that showcases all the great things the kids did throughout the day.

Have a great week everyone! Looking forward to next Wednesday already!

The Elementary ESL Team

Undersea World with Kike

The room was alive with the sound of music and laughter as the children danced around to their favorite undersea songs. Kike really has a great way of keeping the children's attention and making sure everyone does well and has fun.

ESL Hour

Today's ESL Hour focused on all the important vocabulary we need to know when we go to the train station. The class discussed words like "ticket machine, ticket gate, platform, express train, bullet train, departure time and arrival time." Once everyone had a good understanding of the vocabulary it was time to have a bit of fun with role-playing the situation of buying tickets and traveling to various places. Everyone did so well at picking up the new words and using them with their fellow classmates to highlight conversations about traveling to and from places.

The class also talked about not just how to get around by train but where they would like to go. Telling the time was also a very important aspect of today's lesson. The highlight was definitely all the laughs that came during role-play time!

Homework Time!

Everyone worked so hard this afternoon. At the end of the day we sat down to reflect upon some of our favorite things and then went over our homework for the day. Some of this homework was from the ESL Hour and some of it was provided independently for their homework time. The main theme today was opposites.

Games

Game time was a ton of fun today. We practiced team building exercises like passing blocks behind our backs, bridge building and behind our head basketball.
