# Private Music Tuition - Guitar

Ages 3 to 11 years, beginner to advanced level

## Private Guitar Lessons

At Kspace we offer private 1-1 music tuition in many instruments. Guitar is one of the most sought after private music tutorials. Children are attracted to the guitar as it's quite easy to hold and carry around, the very basics can be learnt relatively quickly, and it looks cool!

Children can borrow an instrument from us until we request otherwise.

At Kspace learning music is great fun and children can choose to follow a traditional path of study or work with the tutor to design their own lessons.

Our teachers include parents in all decisions and progress, and tutors help guide you at every step. Kspace private music students are invited to appear in our school music recitals/ performances for parents - if they wish!
