Our Kspace Art Teacher, Adam Bowden (Aus) will be hosting this evening of learning through fun. Create your own artistic masterpiece to take home, working in acrylics on canvas. Adam will guide you through brush strokes, paint techniques and how to create

Mums and dads get the chance to awaken their inner child, roll up their sleeves and enjoy drifting into a state of creativity.

What could be better than winding down the week having fun, whilst the children enjoy their own special time?

Enjoy a glass of wine (or beverage of your choice) and forget mid-city stresses as you discover your inner artist.

Guidelines to enrich your time with us: Come to have fun and leave self-doubt and competitiveness at the door. Have another sip of wine for better artistic inspiration!

No drinking and driving home please everyone.
