

# Sparkling Stars

**April 8, 2017**

**Hello Sparkling Stars families!**

**This week our little Stars returned to the barnyard to spend another fun-filled day with our farm-animal friends!**

**We began our lovely day with some morning greetings. The Sparkling Stars are continuing to become a stronger team and happily welcomed each other with a "Good morning!" and "How are you?"**

**We then revisited the animals on the farm and learned more about what the animals say, what they look like and what makes them special.**

**We sang an excited rendition of "Old MacDonald" and enjoyed acting out what each animal does. We also giggled and played together as we put toy cows, pigs, sheep, chickens and many more inside our model-barn; being careful to shut the gate, so the animals didn't run out!**

**We enjoyed some music time with farmer Masa and gathered together for an interesting story with new teacher Jonathan.**

**Then it was time to become the animals and visit the big barn. Each small group of Stars took turns becoming a different animal and asking their classmates "I say \_\_\_\_\_ (oink, moo, cluck, etc.)! What animal am I?"**

**We are very excited for next week's trip to the farm, when we will learn about the vegetables that grow there!**

**Looking forward to our next adventure, Sparkling Stars!**
